spent by December 23rd

WINTER WONDERLAND

December 6th is the start of the new Proshop opening and closing hours, due to cooler temps and the prevalence of frost.

CCA will be Closed Christmas Day.

All players should inquire about carts-on-paths status before starting your round

Effective immediately range activity is restricted to mats, and den caddies will return to the range once we get back on the grass in spring. The driving range ropes have been removed and the range mats have been put into play. The clubhouse area visage message now displays a range "mats only" message. In the coming days we plan to replace a portion of the worn-out mats. Members may pick up balls in the proshop for now.

All the F&B supplies have been moved to the proshop for the season, which is where they will stay. For now the large cooler will stay in the restaurant. The restaurant is closed for the winter except that we will reopen for mild weekends and warm sunny days. On bad weather days we will not open the restaurant at all. Coolers now in golf shop. Non-members check out a cooler by using the sign-out sheet.

Jack Hopkins got his first hole-in-one Saturday November 20th on hole 3.

CCA LADIES GOLF ASSOCIATION WINTER GOLF

We play year-round, weather permitting.
Great time for new or potential members to play,
learn, meet other ladies who play.
If interested, text Debbie Gentry (501) 734-9725
to find out more and get on the email list.

2022 SEASON STARTS APRIL 5.
WATCH FOR SPRING MEETING
DATE IN EARLY MARCH.

Let's Follow the Cart Rules!

Solo Riders:

During 2020 most courses allowed players to ride solo in carts to reduce the spread of COVID. It is widely known that courses, including ours, have returned to sharing carts. Free single carts are no longer an option. Players who wish to ride solo in a cart may do so by "renting" an extra cart for \$30 plus tax. We prefer that you notify us and pay in advance (before you grab that extra cart), but since we do not see or speak with some golfers, especially members, before their round we will do our best to try to stay on top of it.

Private Cart Sharing:

The majority of our private cart owners participate of our Cart Sharing Program. In exchange for waiving the month trail fee of \$40 private cart owners must invite or allow other golfers to ride in their personal cart when doing so eliminates the need for a fleet cart. This practice was not enforced during 2020 and many cart owners have not returned to the pre-COVID program. To avoid the cart trail fee it is important that you begin to do so.

Park by the Rules:

Keeping the carts on the paths around the tees and greens is an ordinary, respectful thing to do. It is common practice at nearly every course in the country, yet we have players who continue to park their cart in the grass next to the tee ground and far too close to the greens. Please do not force us to implement this existing policy. Play and Park by the rules.

HOLIDAY GIFT GUIDE

Tis the SEASON

Holiday Golf Package
\$595.00

EXPIRES DECEMBER 31, 2022
