JANUARY 2022

RING  
IN THE  
NEW YEAR  
2022

The Staff at CCA would like to  
wish everyone a Safe, Healthy  
& Happy New Year!

## Current Course Procedures

Please make tee times as accurately as possible. All players, including members, are strongly encouraged to reserve the suitable and correct amount of space to accommodate the players in your group. This is especially important on the pretty weekends. When you learn that your foursome is now a twosome- please contact the Pro Shop to modify your reservation. CCA thanks you in advance for your ongoing cooperation.

All players should inquire about carts-on-paths status before starting your round

Effective immediately range activity is restricted to mats, and den caddies will return to the range once we get back on the grass in spring. This includes the grassy area next to the far chipping green. The driving range ropes have been removed and the range mats have been put into play. The clubhouse area visage message now displays a range "mats only" message. In the coming days we plan to replace a portion of the worn-out mats. Members may pick up balls in the proshop for now.

**IMPORTANT**

## WATCH OUT!

We are asking all of our patrons to keep nothing of value in their vehicles during their round. We've had numerous car break-ins and feel it is best to have everyone hyper aware until the Police can catch the criminals.

## Please Follow the Cart Rules!

### Solo Riders:

During 2020 most courses allowed players to ride solo in carts to reduce the spread of COVID. It is widely known that courses, including ours, have returned to sharing carts. Free single carts are no longer an option. **Players who wish to ride solo in a cart may do so by "renting" an extra cart for \$30 plus tax.** We prefer that you notify us and pay in advance (before you grab that extra cart), but since we do not see or speak with some golfers, especially members, before their round we will do our best to try to stay on top of it.

### Private Cart Sharing:

The majority of our private cart owners participate of our Cart Sharing Program. **In exchange for waiving the month trail fee of \$40 private cart owners must invite or allow other golfers to ride in their personal cart when doing so eliminates the need for a fleet cart.** This practice was not enforced during 2020 and many cart owners have not returned to the pre-COVID program. To avoid the cart trail fee it is important that you begin to do so.

### Park by the Rules:

Keeping the carts on the paths around the tees and greens is an ordinary, respectful thing to do. It is common practice at nearly every course in the country, yet we have players who continue to park their cart in the grass next to the tee ground and far too close to the greens. Please do not force us to implement this existing policy. Play and Park by the rules.

## Winter Food & Beverage

All the F&B supplies have been moved to the proshop for the season, which is where they will stay. For now the large cooler will stay in the restaurant. The restaurant is closed for the winter except that we will reopen for mild weekends and warm sunny days. On bad weather days we will not open the restaurant at all. Coolers now in golf shop. Non-members check out a cooler by using the sign-out sheet.

## CCA LADIES GOLF ASSOCIATION WINTER GOLF

We play year-round, weather permitting.

Great time for new or potential members to play,  
learn, meet other ladies who play.

If interested, text Debbie Gentry (501) 734-9725  
to find out more and get on the email list.

**2022 SEASON STARTS APRIL 5.**  
**WATCH FOR SPRING MEETING**  
**DATE IN EARLY MARCH.**

## THE HOLIDAY HUMBLER RESULTS

### First Flight

1 <sup>st</sup>	Kullander/Kullander	66
2 <sup>nd</sup>	Brock/Johnston	67
3 <sup>rd</sup>	Jackson/Higgins	68
	Mathis/Gonzalez	69
	Hopkins/Bristow	70
	Destefano/Smith	71

### Second Flight

1 <sup>st</sup>	Morgan/Schluterman	72
