## NEW YEAR, NEW RULES

The new 2023 edition continues the modernization process, with an emphasis on both inclusion and sustainability. For the first time, the modified Rules for players with disabilities have been fully incorporated into the playing rules without the need to adopt a local rule. The governing bodies will also promote digital and mobile app access to the Rules while significantly reducing the production and distribution of more than 4 million printed books. Several penalties have been relaxed and language has been clarified to help golfers at all levels of play.

### 2023 RULES OF GOLF: 5 KEY CHANGES

The R&A and the USGA have released the most recent edition of the Rules of Golf, effective January 2023.

#### HERE ARE 5 KEY CHANGES

#### New Rule — Modifications for Players with Disabilities

These modifications are now part of the Rules and are in effect for all competitions and all players who fall under the categories covered in new Rule 25.

#### Replacing Damaged Clubs

If your club is damaged during a round (except in cases of abuse) you may replace it, repair it or continue to use it.

#### Ball Moved by Natural Forces

When your ball is at rest after taking relief and then rolls into another area of the course due to natural causes, there is no penalty, and you must replace it.

#### Handicap on Scorecard (Stroke Play Only)

You are not required to put your handicap on your scorecard and there is no penalty if you return your scorecard in a competition with an incorrect handicap, as this is now the Committee's responsibility.

#### Simplified Back-on- the-Line Relief

When using this relief option, you are required to drop your ball on the line, and it may roll up to one club-length in any direction.

This change is consistent with other penalty reductions such as reducing the penalty for playing an incorrectly substituted ball from the general penalty to one stroke.
